==> VIVOTEK Goes Public!

VIVOTEK INC. (VIVOTEK or the Company), which designs and manufacturers sophisticated network cameras and video servers for IP surveillance markets, announced the successful completion of its initial public offering of 5,238,000 shares of its common stock at NT\$58.00 per share, for a total offering of NT\$479,000,000. Dealings will start on Jul. 25, 2006 on Taiwan's stock exchange under the symbol "3454".

VIVOTEK, founded in 2000, has quickly taken its position as a leading manufacturer in the international IP surveillance and multimedia communication industry. With a high growth rate of over sixteen hundred percent in sales over the past three years (2002-2004), the Company has won the awards of Technology Fast 50 Taiwan 2005 as well as Technology Fast 500 Asia Pacific 2005 by Deloitte & Touche. Promisingly, by the highly increased global acceptance of digital surveillance and rapid sales growth in the past few years, VIVOTEK believes now is the time to enter Taiwan's stock exchange and this success will drive us to work harder to bring industry-leading surveillance products and multimedia solutions.

"Our mission is to provide innovative, high quality IP surveillance solutions that are reliable, easy-to-use and present a significant value for the Company's partners and customers. With the dedication in our core competencies: product development, sales and marketing, we will be consistently delivering a wide range of innovative products and share our significant achievements with all of our customers, investors, and employees." said Owen Chen, the chairman of VIVOTEK.

This press release appears as a matter of record only and does not constitute an offer to sell or the solicitation of an offer to buy, nor shall there be any sale of these securities in any state or other jurisdiction in which such offer, solicitation or sale would be unlawful prior to registration or qualification under the security laws of any such state or other jurisdiction.

Product News

==> VIVOTEK's 3G-compatible Pan/Tilt network cameras V PT7135/PT7137

The VIVOTEK PT7135/PT7137 is a 3GPP/ISMA-compatible pan/tilt network camera, offering superior image quality and optimized bandwidth efficiency by MPEG-4 implementation. Users can easily access it and receive synchronized video and audio by computers, cell phones, or media adapters with TV, anytime, anywhere for indoor surveillance and remote monitoring.

Features:

- Live Video and Audio Monitor via 2.5G/3G Mobile Phone or Media Adapter
- Motorized Wide-range Pan/Tilt
- MPEG-4 Video Compression (Simple Profile)
- Up to 30 Frames Per Second in Full VGA Resolution
- Easy to Install and Configure
- Optimized Synchronization of Audio and Video
- 802.11g Wireless Connection (PT7137)
- Supports 3GPP/ISMA RTSP (Real Time Streaming Protocol)
- Intelligent Motion Detection, with Pre- and Post- Alarm Snapshots
- Superior Low Light Performance
- Free-bundled 16-CH Audio and Video Recording Software

==> VIVOTEK's Vandal-proof Dual-codec Network Speed Dome Camera V SD6112V/SD6122V

The VIVOTEK SD6112V/SD6122V, which is equipped with a durable polycarbonate-viewing cover against possible vandalism, provides MPEG-4 or MJPEG compression method to distribute optimized image quality and efficient bandwidth over IP network or the Internet. SD6112V/SD6122V comes with a 10X optical zoom lens that you can easily zoom in on the critical areas for remote monitoring. Furthermore, the precise wide pan/tilt movement offers continuous 720-degree pan and 180-degree operation and supports 20 preset locations allowing you to quickly locate the position. It also features a great many of powerful surveillance functions such as the intelligent motion detection, two-way audio, digital I/O for various indoor or outdoor surveillance applications, pre/post alarm snapshots.

Features:

- MJPEG and MPEG-4 Video Compression Selectable
- Pan Travel: 720; Tilt Travel: 180 (10X Optical Zoom, Plus 10X digital Zoom)
- Pan Speed: 5 ~ 300/Sec.; Zoom Speed: 3.9 Sec. (1X to 10X)
- Integrated Two-way Audio (Full-Duplex)
- Vandal-proof
- Optimized Synchronization of Audio and Video
- UPnP and DDNS Support
- Intelligent Motion Detection

- Pre- and Post-Alarm Snapshots
- Extended I/O for Sensor and Alarm
- Free-bundled 16-Channel Recording Software

==> Availability of New Version Product Firmware or Software

- IP3135 network camera  V V.0101c
- IP3137 network camera  V V.0101d
- IP7137 network camera  V V.0201f
