### -Company News-

**☐ VIVOTEK Receives the Technology Fast 50 Taiwan 2006, Awarded by Deloitte**  
 VIVOTEK was so pleased to win the award of Technology Taiwan 50 2006 by Deloitte & Touche, and is ranked No. 15 and No. 44 respectively with the revenue growth of 462% and profit growth of 441% over the past three year (2003-2005). "We are very proud to be awarded again this year and so excited about the capabilities we now have at our fingertips in the IP surveillance market." stated Owen Chen, Chairman of VIVOTEK. "We at VIVOTEK are gratified that our team hard work and dedication to excellence has resulted in such a superb sales performance, and is being publicly recognized by the industry." With such an achievement today, VIVOTEK has proven that our leadership has the vision and determination to grow in difficult conditions and will be relentless to drive ourselves to work more diligently so as to create more top-of-the-line products.

### ☐ Successful Trade Shows at ASIS USA

Thank you for dropping by our traveling exhibits in USA in September, giving us lots of precious feedbacks and recommendations. At this show, hundreds of buyers or customers are still searching for the 3GPP/ISMA or Megapixel network camera solution for home or SOHO security. So, the birth of our 3GPP 7000 series -- IP7135/IP7137/PT7135/PT7137 or going-to-be-launched IP7131/IP7138 is completely a right-time product, meeting this upward trend and offering a very cost-effective solution. We are all convinced that more and more 3G-oriented applications will incorporate with the IP network cameras for the next few years to bring much more benefits to end users and facilitate our future lives.
