VIVOTEK was Honored with the 14th Taiwan "SMEs Innovation Award"

After receiving a series of enterprise awards - "Rising Star Award," "Industrial Technology Advancement Award," and "National Outstanding SMEs Award" - granted by Taiwan MOEA, VIVOTEK's mega-pixel 3GPP Network Camera was honored with the 14th Taiwan "SMEs Innovation Award." The Taiwan Ministry of Economic Affairs holds an annual award to encourage small and medium enterprises (SMEs) on innovative research, covering innovations in product, technology, processes, and service sector.

VIVOTEK IP7138/7139 is a professional network camera equipped

Product News

VIVOTEK's 18x Zoom Progressive Scan CCD Network Camera - IZ7151

Features

- ❖ 18x Zoom Progressive Scan CCD module with VGA Resolution
- ❖ Removable IR-cut Filter for Day & Night Function
- ❖ Real-time MPEG-4 and MJPEG Compression (Dual Codec)
- ❖ Supports Dual Streams Simultaneously
- ❖ Supports 3GPP Mobile

with a 1.3 Mega-pixel (1280x1024) CMOS sensor for indoor surveillance applications and detail remote monitoring. Delivering superior image details, it could be the best choice for monitoring extensive areas such as airports, factories, retail stores, schools, offices or banks.

Comments from the judges' panel: "This product is Taiwan's first dual-stream mega-pixel IP camera featuring many innovative functions. Embedded with VIVOTEK's self-developed SoC, this product not only can capture high-resolution video but deliver real-time video over the Internet and 3GPP multimedia devices for remote and mobile surveillance. Furthermore, the dual-stream function enables to simultaneously deliver dual streams (MJPEG and MPEG-4) with different resolutions and video quality upon different devices. VIVOTEK possesses a very strong R&D team in development of a wide range of award-winning software/hardware products. Its rapid sales growth and operating management have become an excellent example of other small/medium enterprises in Taiwan."

Taking Care of Old MacDonald's Farm

- VIVOTEK Network Cameras Help Farmers Control Birth Cows Day and Night -

GAEC BRACQUART, located in Crequy in northern France, is a farm that houses a herd of 150 cows and provides approximately 600,000 liters of milk each year. The owner of the farm had constantly encountered the need to physically monitor the cows all night, in case the

Surveillance

- ❖ Built-in 802.3af Compliant Power over Ethernet (PoE)
- ❖ RS-485 Interface for Remote PTZ Camera Control
- ❖ Digital I/O for External Sensor and Alarm
- ❖ Back Light Compensation
- ❖ Free-bundled 16-CH Recording Software

Note: The features marked with (*) will be available later through firmware upgrade.

VIVOTEK's 2.6x Zoom Progressive Scan CCD PTZ Network Camera - PZ7151/PZ7152

Features

- ❖ Progressive Scan CCD Sensor with VGA Resolution
- ❖ 2.6x Pan-focus Zoom Lens
- ❖ Real-time MPEG-4 and MJPEG Compression (Dual Codec)
- ❖ Supports Dual Streams Simultaneously
- ❖ Supports 3GPP Mobile Surveillance
- ❖ Built-in 802.3af Compliant Power over Ethernet (PoE) (PZ7151)

birth cows were in labor. Wanting a way to remotely monitor the herd of cows instead, the farmer sought for a cost-effective solution that would also utilize his existing computer hardware... [See More](#)

The Schedule of Trade Shows in 2008

As a key supplier of IP surveillance products, VIVOTEK will be continue to present more cutting edge, time-to-market products in 2008. The following is our event schedule for your reference. You are so welcome to visit our booth and experience our latest product lines!

Subscribe VIVOTEK's Google Calendar 

Date	Trade shows	Booth No.	Info
04/02 04/04	ISC West 2008, Las Vegas, USA	NO.7121	Add info to Calendar
